

Selected Presentations and Talks of Oliver Gutsche

Oliver Gutsche
May 10, 2026

1. Scientific Computing and Scientific Software Infrastructure - High Performance Computing (HPC)

April 2025 — Presentation for the [Chicagoland Computational Traineeship in High Energy Particle Physics](#), [\(Material\)](#)

2. Scientific Computing and Scientific Software Infrastructure - Particle Physics Overview

April 2025 — Presentation for the [Chicagoland Computational Traineeship in High Energy Particle Physics](#), [\(Material\)](#)

3. Computing and Software Infrastructure

July 2024 — Presentation at the [Fermilab-CERN HCP Summer School 2024](#), [\(Material\)](#)

4. HL-LHC Computing

July 2023 — Presentation at the [USCMS Undergraduate Summer Internship 2023](#), [\(Material\)](#)

5. The U.S. CMS HL-LHC R&D Strategic Plan

May 2023 — Parallel Session Talk at the [26th International Conference on Computing in High Energy & Nuclear Physics \(CHEP2023\)](#), [\(Material\)](#)

6. Computing

September 2022 — Plenary talk given at the DOE/HEP Review of the Energy Frontier Laboratory Research Program, [\(Material available upon request\)](#)

7. Computing

August 2022 — Lecture given at [17th Hadron Collider Physics Summer School](#), [\(Material\)](#)
